Welcome to Slow Dentistry

About Us

Slow Dentistry is a community-based oral healthcare organisation that brings together like-minded professionals, practitioners and clinics from around the world. We share a patient-centred and gold standard approach to dentistry, sustained by ethics and our 4 universally accepted cornerstones. It is also the fastest growing dental network in the world, with more than 200 certified clinics and dentists in over 60 countries.

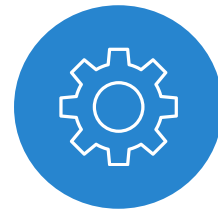

**TOGETHER, WE ARE CREATING STRESS-FREE,
HIGH-QUALITY DENTAL EXPERIENCES FOR EVERYONE.**

TOGETHER, WE ARE BUILDING A SUPERIOR ORAL HEALTHCARE LEGACY.

Our Values

- ✔ Safety
- ✔ Trust

- ✔ Future-forward thinking
- ✔ Gold standard
- ✔ Sustainability

- ✔ Transparency
- ✔ Equality
- ✔ Ethics

Slow Dentistry means taking the time to clean and disinfect work spaces, to speak and listen to patients, to choose top technology, to planning personalised, results-oriented treatments.

Slow Dentistry means making time for patients, which means practitioners are never overbooked, and appointments are never rushed.

GOOD THINGS TAKE TIME.

Our Cornerstones

Our 4 universally accepted cornerstones can be practiced anywhere in the world, by any dentist, because they do not rely on high-tech equipment or big investments. They simply rely on the desire to take the time to practice quality patient care.
